

Fire Destroys Arden Milk Station at NPS

CALIFORNIA DIVISION OF Forestry fireman gets dangerously close to play water on the blaze which completely destroyed the Arden Farms Milk Station on Indian Avenue just south to Teagarden Drive in North Palm Springs early this morning. Residents of the area reported there

Explosions Rock Community This Morning

NORTH PALM SPRINGS — A series of explosions rocked this community early this morning, and fire completely destroyed the Arden Farms Milk Station.

Two refrigeration trucks were destroyed in the building.

THE FIRE HAD been burning "for some time" before it was discovered about 4:15 a. m. by Fish and Game Warden Jack Bidwell who sounded the alarm via radio through the radio office. By the time the California Division of Forestry units arrived at the scene, "it had gotten a very good start" and had apparently completely gutted the building.

CDF Supt. Karl Yeager said that within seconds after the arrival of the fire fighting units, the building exploded (apparently the ammonia compressor blew up) and the stucco of the structure collapsed. The entire building was consumed in fire.

AT NOON TODAY, neither Arden Farms spokesmen nor CDF officials could make an estimate of the amount of the loss, nor could they estimate the worth of the building and its contents.

Yeager reported at noon today that the cause of the fire may possibly have been faulty wiring on the compressor of the refrigerator unit, but added that the investigation will be continued.

Three CDF fire units, North Palm Springs, Desert Hot Springs and Thousand Palms, answered the alarm, and two administration units from Indio also rolled.

"The fire was so bad," said Yeager, "that the contents of the building were absolutely unrecognizable. Apparently there was little storage of ice cream and milk in the building, because during the fire a truck from San Bernardino arrived with the ice cream supply for the route trucks to deliver today."

Runaway Nike Missile Kills One

NAHA, Okinawa — (UPI) — A runaway Nike missile killed one man and injured four early today at a site near Naha Airbase, the U. S. Army announced.

At City Limits

Council Delays Billboard Action

Hesitant over the construction of a "billboard" on Highway 111 at the north city limits, the Palm Springs City Council this week asked for more time to consider a proposal to change the "totem pole" service club sign now displayed at the city entrance.

Chamber of Commerce Manager Jimmy Cooper appeared before the council to present a proposal to construct a six by 14 foot sign at the north city limits, with the service club signs displayed at the bottom.

ALTHOUGH PALM SPRINGS only has one "totem pole" sign up today — on the north end of Highway 111 — Cooper suggested that four be installed, one at each entrance to the city.

A rendering, shown to the council, showed the sign which read: Welcome to Palm Springs, Enjoy Your Stay, DRIVE SAFELY, Heavy Traffic-Ahead.

The first consideration was to

LIVING COSTS GO TO RECORD HIGH

WASHINGTON (UPI) — Living costs edged up to a new all-time high in May, the government reported today.

Higher prices were reported for all major categories of consumer spending, including food, clothing, housing, medical care and transportation.

The consumer price index, based on a 1947-49 price average of 100, rose one-tenth of a point from April to a May reading of 124.0, a new high.

LABOR DEPARTMENT price Chief H. E. Riley said the increase was seasonal and that "for all practical purposes" the stability of living costs over the past year has not been broken. The price index hit 123.9 in July 1958, which was a new high at that time.

The department also reported that take home pay—and buying power of factory workers climbed to new highs last month. Take home pay averaged \$81.03 for a worker with three dependents, about 9 per cent higher in dollars and purchasing power than a year ago.

THE UPWARD TREND of the price index means some 100,000 aircraft manufacturing workers will get a pay boost of one cent an hour. Their wages are tied by contract to the cost of living.

Food prices rose slightly in May after declining in eight of the previous 9 months. The 0.1 per cent rise stemmed from higher prices for restaurant meals, fresh fruits and vegetables.

The increase would have been even greater except for a sharp decline in egg prices.

Gov. Long Taken to Insane Asylum for Indefinite Stay

BATON ROUGE, La. — (UPI) — Gov. Earl Long, seized by deputies and committed on his wife's warrant in one of the wildest days in Louisiana's turbulent political history, was behind insane asylum bars in his home state today.

Shrieking and cursing, Long was intercepted just three miles outside this capital after he had freed himself from a New Orleans hospital, declared he was the governor "right now," and roared off in a state highway patrol car for Baton Rouge to entrench himself in office.

THE SILVER-HAIRED Long, 63, gave a piercing hog call, "Who-oooo," and yelled "God Damn, God damn," as officers took him away to the Southeastern State Hospital at Mandeville, La., to be held "indefinitely."

Long's violent removal from power stunned the people of Louisiana as nothing had done since his older brother, Huey (Kingfish) Long was assassinated in a corridor of the Capitol in 1935.

LONG REMAINED governor in name today. The state constitution provides a governor remains

in office until death, resignation or impeachment.

LA. Gov. Lether Frazier will resume the post of acting governor he has held since Long was taken forcibly to a hospital in Galveston, Tex., 20 days ago. Long is serving his third term as governor and had been preparing to resign so he could run a fourth time.

Long left the Ochsner Foundation Hospital in New Orleans late Thursday in a state police car.

AN 80-MILE - AN - HOUR race up the "Airline Highway" along the Mississippi from New Orleans to Baton Rouge between Long and his wife, Blanche, followed, and kept the whole state government in suspense. Mrs. Long won by just enough margin to win the commitment warrant authorizing sheriff's deputies of East Baton Rouge Parish to nab her husband.

The wild-eyed Long had accused his wife and political enemies of plotting against him and there was fear of what he might do in revenge if he reached his office and tried to use his power as commander of the state police and the Louisiana National Guard.

Bomber Fires Test Rocket

CAPE CANAVERAL, Fla. — (UPI) — A B47 jet bomber fired another BOLD Orion several hundred miles down the Atlantic missile range today in a successful test.

The rocket, about 30 feet long, was launched at 7:30 a. m. (p.d.t.). The Air Force maintained its hush policy on the experimental rocket, saying only that "a research and development missile was launched at the Atlantic missile range today."

But informed sources said the launching was another guidance test of the two stage ballistic missile, which shot from the speeding bomber with a muffled roar and left a short smoke trail across the sky. These sources said indications were the test was successful.

GOV. ROCKEFELLER ANNOUNCES NEW SAVINGS OF \$500

NEW YORK (UPI) — Gov. Nelson A. Rockefeller announced Thursday night that he had effected another \$500-a-year saving in the state budget, by eliminating state payments for calling cards for deputy superintendents of the state Department of Insurance.

Ike Criticizes Senate for Strauss Vote

Says American People Are the Losers by Action

WASHINGTON (UPI) — President Eisenhower bitterly criticized the Senate today for rejecting Lewis L. Strauss' nomination as Secretary of Commerce. He said "the American people are the losers."

The President, who met for 20 minutes with Strauss, summoned newsmen to his office and read his handwritten comment on the Senate vote early this morning.

STRAUSS WAS refused confirmation by a 49 to 46 vote. The action automatically removed him from the cabinet post he has held since last November by a recess appointment.

When he finished reading the statement, the President said a "thank you" to reporters and handed his notes to Press Secretary James C. Hagerty.

The statement said:

"LAST NIGHT the Senate refused to confirm the nomination as Secretary of Commerce of Lewis Strauss, a man who in war and in peace has served his nation loyally, honorably and effectively under four different presidents.

"I am losing a truly valuable associate in the business of government. More than this, if the nation is to be denied the right to have as public servants in responsible positions men of his proven character, ability and integrity, then indeed it is the American people who are the losers through this sad episode."

WHILE THE SENATE vote was in progress, the rejected nominee had waited in his office for word of the outcome.

The showdown came shortly after midnight in a marathon session marked by charges and counter-charges and a dramatic race against time by some Republican senators to get back for the vote.

Only two Republicans deserted their party ranks to oppose Strauss but they were enough to swing the decision. They joined 47 Democrats in opposition to the nomination. Fifteen Democrats and 31 Republicans voted to confirm Strauss.

Steel Strike Deadline Nears

NEW YORK (UPI) — Top level steel negotiations resume today with the nationwide strike deadline only 11 days away.

The two top four-man negotiating teams were to go back into action after a recess of two days to permit 500 union and industry representatives to discuss local problems affecting the 12 major steel companies which would be hit by a steel stoppage.

Governor-General

Morocco Official Visits in Village

His Excellency Ahmed Bargash, governor-general of Morocco, was en route to his native Casablanca today after a whirlwind visit on the West Coast that included an overnight stay in Palm Springs.

The Moroccan governor, who stayed in the Howard Manor with his party which included U. S. State Department representatives and officials of the General Petroleum Corporation, halted plans for an inspection of desert area housing and irrigation in order to meet time-table deadlines set up by the oil firm.

During his stay here, Governor-General Bargash heard music in his native French tongue from

VILLAGER LEONARD WOLF, second from right, receives congratulations from retiring president James Simpson of Hemet after the Palm Springs councilman was elected president of the League of Riverside County Cities. Other officers included, from left, R. A. Coverdale, Beaumont, secretary-treasurer, and John Bergen, Riverside, vice-president. Meeting, which featured showdown on Bradley-Burns tax program, was held in the Chi Chi here. (Desert Sun Photo).

LEAGUE OF CITIES VOTE DOOMS COUNTY SALES TAX

The League of Riverside County Cities apparently sealed the doom of the Bradley-Burns sales and use tax measure here last night when it voted by a 7-2 count to back a five per cent share from Palm Springs and 10 per cent from the 12 other county cities—including Corona.

The delegates voted to support the resolution of Riverside City Councilman John Bergen in the face of a declaration by Corona City Councilman A. J. Velthoen that his fellow councilmen "will never approve such a program."

DISCUSSION in the Chi Chi—punctuated by cha cha rhythms from the nearby dance floor—even pitted Bergen against a fellow Riverside council member, J. H. Backstrand. Backstrand asked for a "compromise" arrangement that would have allowed Corona to give only five percent, the same amount that Palm Springs has agreed to give.

"I'd like to see my resolution pass," Bergen argued. "Then the responsibility for continuation of Bradley-Burns would be placed squarely where it belongs — on the City of Corona."

THE TAX PLAN annually provides Riverside County with an estimated revenue of some \$900,000 — with \$200,000 of that amount coming from the 13 cities and the rest from unincorporated areas of the county — but all of that money would cease if any one of the cities in the county should halt its participation in the program.

Corona Councilman Velthoen identified himself as "a minority on the Corona council" and added that "we all know the Corona council isn't going to buy this."

THE DELEGATES — who had earlier elected Palm Springs City Councilman Leonard Wolf as League president for 1959-60 — voted twice on the measure in an apparent mixup on what the Bergen resolution called for.

In the second (and final) oral ballot, Beaumont, Elsinore, Hemet, Palm Springs, Perris, Riverside and San Jacinto voted for the uniform 10 per cent for all cities except Palm Springs and Cabazon joined Corona in opposing the measure.

THE ARGUMENT between the two Riverside councilmen had Backstrand asking that Corona be allowed to donate five per cent — like Palm Springs — in the hope that the County Board of Supervisors and a special appearance before the Corona City Council by representatives of the State Department of Equalization.

Other officers elected with Villager Wolf included Bergen as vice president and Beaumont's R. A. Coverdale as secretary-treasurer.

nothing to them. They'll spend that much just to have somebody appraise a lot."

"You don't know your supervisors," Bergen countered. "They'd do anything to keep from setting a precedent."

THE YEAR AND a half - long feud between Palm Springs and Corona had been patched up on numerous occasions which included such unusual displays as a mass plea from the County Board of Supervisors and a special appearance before the Corona City Council by representatives of the State Department of Equalization.

July Session Scheduled By Ministers

Action Follows Red Turndown Of Western Plan

GENEVA (UPI) — The Big Four foreign ministers broke off their conference today but agreed to meet again in mid-July and try again for a peace settlement.

A three-week "cooling-off" period was prescribed after the western foreign ministers turned down Soviet Premier Nikita Khrushchev's latest attempt to undercut western rights in Berlin.

BOTH SIDES WILL meet in a final session Saturday to put their positions on record. There will be no negotiations in the Saturday session.

Conference delegates agreed to return home for a three-week cooling off period following the Western rejection of Khrushchev's "equal rights" proposal.

The Soviet premier offered to drop his immediate takeover time limit on Berlin if the West would give East Germany (with 17 million population) equal rights with West Germany (40 million population) in a peace treaty.

BUT THE WESTERN ministers, who considered the new Red proposal for an hour, declared that it raises "no new hopes."

Khrushchev broached his plan in a Moscow speech aired in the face of Western determination to end the Geneva Big Four foreign minister's parley unless Russia came up with a positive answer to the West's last compromise offer.

Soviet Foreign Minister Andrei Gromyko simultaneously delivered a formal plan to the western ministers at a secret Big Four session.

High American officials said that, in effect, Gromyko had rejected the Western proposal and advanced new plans of his own which cannot be accepted by France, Britain and the United States.

Patrol Flights To Be Continued Without Escort

WASHINGTON (UPI) — Defense Secretary Neil H. McElroy has ordered Far Eastern forces to continue unescorted patrol flights despite this week's attack by Communist jets on an American Navy plane off Korea.

McElroy thus rejected the demands of some congressmen that jet fighters accompany patrol flights near Communist countries to prevent a recurrence of the attack on a P4M Mercator over the Sea of Japan. He did, however, say that field commanders have the authority to order fighter escorts where the safety of American crews may be involved.

The secretary believes that the important issues raised by the attack involve an increase in international tensions — intensification of the cold war — and freedom of the seas and of the free air spaces of the world.

WEATHER

Desert area forecast: Mostly sunny today and Saturday but some high clouds. Chance for few afternoon and evening showers near Colorado River Valley. Continued hot. Highs today 95-105 upper valleys, 105-115 lower valleys.

Yesterday's high was 115; low, 65.

Dr. Morris Charged with Tax Evasion

been out-of-town visitors," Miller said.

COUNCILMAN GEORGE Beebe, who in 1955 attempted to get the state to include on license plates the words "Drive Safely," said that safety committees were against the drawing of attention from the road and driving. He added that the display of signs along highways have also been done away with for the same reason.

Councilwoman Carlin came back with "I disagree with Mr. Beebe—that is the most ridiculous thing I have ever heard anyone say. People coming into town don't know it is dangerous, and (turning to the audience) you people in the audience should convince your elected officials that it's important."

AND THEN MRS. Carlin pulled Cooper into the discussion by saying that the site committee had already met and recommended the site, but Cooper replied, "I don't want to get into an argument between councilmen, and I think we can have another meeting with the council members and look into the matter further. Maybe it can be farther out of town."

Several people in the audience addressed the council:

Bill Maltby — "This is definitely going to be a billboard, but that doesn't mean it shouldn't be considered. Let's dispense with aesthetics and do something."

ROBERT HILL — "If the sign was twice as big as is proposed, it would be good. Aesthetics be damned, let's get the sign up."

Joel Stone — "I understand from reading newspaper accounts of the accident on North Palm Canyon Drive that some of the people in the accident were under the influence of intoxicating beverages. I do not believe that a sign is going to stop someone drunk from killing someone."

Dr. George Milkie — "The Safety Council was formed to promote safety in Palm Springs, a city that had a disgraceful safety record, and you (City Council) have been foot-dragging the safety committee around. If we eliminate even one death, the Safety Council is worthwhile. You are going to hear from us, not just once or twice, but a million times if necessary."

New Stage Canopy
LENOX, Mass. (UPI) — A new \$40,000 stage canopy will replace the present shell when the Boston Symphony Orchestra opens its six-week summer concert series at the Tanglewood Music Shed here. Mrs. Edmund H. Talbot donated the sum in memory of her late husband, a Boston attorney, for whom the structure will be named.

X-rays were accidentally discovered by Prof. Wilhelm Konrad Roentgen of Munich in 1895. Roentgen noticed that photographic plates fogged and spoiled when stored near highly exhausted glass bulbs through which electric discharges were passing. He deduced some kind of rays caused the plates to fog, and began the work which produced one of the most valuable aids to medical science.

Dr. Morris Charged with Tax Evasion

A federal warrant has been issued for the arrest of Dr. B. G. Morris, operator of Indio's Casita Hospital, who is charged with four counts of income tax evasion.

Internal Revenue Agent Charles H. Berry said a federal grand jury in Los Angeles indicted the 52-year-old hospital owner on charges of evading a total of \$67,052 in income tax from 1933 through 1936.

DR. MORRIS WAS cited on four evasion counts, one for each year listed in the complaint, Berry said.

Berry, special agent in Riverside, said Dr. Morris declared an income of \$66,896 for the four years when he should have declared an income of \$204,803, according to the federal indictment.

"MORRIS PAID taxes of \$15,134 and he should have paid \$82,186," Berry said today.

A warrant for Morris' arrest has been turned over to the U. S. Marshall's office in Los Angeles.

Supervisors Approve County Dog Licensing Law, 4-1

Adoption of the proposed dog licensing ordinance, but with elimination of provisions for mandatory rabies inoculation, an increase in the license fees for unspayed females, and a longer holding period for unlicensed strays, was approved by a four to one vote of the Board of Supervisors this week, with only Supervisor Fred McCall dissenting.

County Counsel Ray T. Sullivan, Jr. was instructed to revise the ordinance in accordance with the approved changes. It will become effective 30 days after its adoption.

THE ORDINANCE as prepared provides for a fee of \$3 per year for every dog. Dr. Everett M. Stone, county health officer, had suggested that the fee be doubled for unspayed females as a means of holding down the dog population. The fee on which the board voted approval, however, was \$5 for unspayed females.

The three-day period for holding

unlicensed dogs after they are picked up was increased to five days. If the dog is not redeemed within five days the dog will be destroyed. The charge for redemption is the license fee plus 50 cents for each day the dog has been impounded. Licensed dogs will be

allowed a ten-day waiting period. **ONLY A HANDFUL** of people were present to speak on the dog control problem.

Dwain Clark of Palm Springs, member of the board of directors of the Animal Protective League

of Palm Springs, said the league basically approves the ordinance as drafted, favors the rabies inoculation requirement, and disapproves a leash law in other than urban areas.

Mrs. Kenneth Grow, president of the League, put in a word for extension of the holding period for unlicensed dogs to five days.

MRS. AILEEN STEPHENS, executive secretary of the Desert Humane Society of the Coachella Valley, renewed the Society's appeal for a leash law to control dog population and urged deletion of the proposed rabies shot requirement.

Mrs. Hal Kapp of Palm Desert favored dog control but declared, "Mr. Kapp and I are very much against the rabies vaccination requirement."

Dr. Alan Wittnauer of Highgrove reiterated the statements he made to the supervisors last week against the rabies shot requirement and suggested a provision similar to that of the city of San Bernardino which would exempt the rabies shot requirement upon

presentation of an exemption approval signed by a licensed veterinarian.

DR. STONE MADE no comments himself this week, but introduced George M. Crosier, general manager for the Los Angeles Society for Prevention of Cruelty to Animals and of the Southern California Humane Society, who expressed approval of a licensing law as a means of underwriting the cost of dog control, and spoke in behalf of the rabies vaccination requirement.

He also approved the suggestion of Dr. Wittnauer for veterinarian exemptions for dogs for whom the shot might be considered hazardous because of illness or old age.

IN MAKING THE motion to approve the dog licensing law, Supervisor William Jones expressed disappointment over the county's inability legally to exempt some areas of the county from the licensing law.

Supervisor McCall reminded the supervisors that during the time a previous licensing law was in

effect thousands of dollars were spent.

"\$100,000 the first year," he said. "They had 13 wagons and patrolled the entire county. They rode into ranches and issued citations and made everybody very unhappy."

"They did ride hog wild," agreed Supervisor Jones. "So far as I'm concerned I've no intention that that be done this time."

"I'll go along with that, agreed Supervisor Paul Anderson.

"WILL MONEY BE appropriate

ed in the new budget (fiscal year 1959-60) to start the program?" asked Supervisor McCall.

"There'll be no addition to the taxes," replied Supervisor Anderson. "It will be on the basis of anticipated revenue."

Administrative Officer Robert Andersen agreed, adding that if the control is carried on by contract with other agencies, such as humane societies, animal protective leagues, or city dog control departments, there might not be any need for additional funds for a departmental budget.

Lola Hemingway To Be Installed As Vice Chariman

DESERT HOT SPRINGS — Lola Hemingway will be installed Saturday at Fontana as first vice chairman of Council 8, International Toastmistress. She currently is serving as program chairman of the DHS club.

Installing officer will be Muriel Bryant of Arcadia, regional supervisor for Toastmistress.

Other officers to be installed are Gladys Ingerson of Arlington, chairman; Clara Brownley, Yucca, second vice chairman; Jayne H. Myers of Indio, recording secretary; Pauline Wade, Las Vegas, treasurer.

Election was held earlier this year at a meeting in Palm Springs.

Origin of Banana Split

COLUMBUS, Ohio (UPI) — Columbus historians claim the banana split was invented here in the summer of 1904 at Foeller's Drug Store. It is said that Mrs. Letty Lally, daughter of the drug store owner, put together the gooey dish.

Sorority Group Holds Discussion

CATHEDRAL CITY — Elsie Guenther, international representative of Beta Sigma Phi Sorority, on an official visit to the desert met with Amelia Irvine, past president of Palm Springs Chapter Sigma Gamma, and President Maria Brown and Angela Shurley of Cathedral City Chi Theta Chapter. Following the meeting held at Mrs. Irvine's Merle Norman Cosmetic Studio on Broadway they enjoyed luncheon at Evelyn's Date and Gift Shop.

Sales of baby food in the U.S. last year reached a record of more than 300 million dollars.

Ranes Family Home From New York City

Mrs. Hy Ranes and her three and-a-half-year-old daughter Michelle are home again after spending a month in New York at the home of her parents. Michelle found the trip an exciting one, for while she has flown before, this was her first trip by jet.

It was an interesting time too for Mrs. Ranes, who attended forum sessions on modern art at the Museum of Modern Art and met such famous artists as Franz Hoffman, Ben Shahn and William DeKooning.

Hy Ranes, who is city planning director and whose parents also live in New York, flew to New York on business and joined his family for a week's visit, before returning home with them.

Paul Matloff Receives Degree

Paul Matloff, son of the Irvin Matloffs, of 1381 North Indian Avenue, was among the 4000 UCLA graduates who received their degrees in a picturesque and impressive ceremony on June 12. Paul, who had majored in economics, received his Bachelor of Arts degree.

This was UCLA's 40th Commencement and was held in the Parterre, Dickson Art Center. Raymond B. Allen, Chancellor of the Los Angeles Campus, gave the farewell address, and President Claude Kerr gave an address on world conditions. Major-General Alfred F. Kaherer, Deputy Commander XV Air Force of March Air Force Base, administered the oath to the Navy, Army and Air Force to the men graduating in uniform.

Paul has lived in Palm Springs practically all his life, starting first grade 16 years ago in the Frances Stevens School, when Miss Katherine Finchy was principal. He is planning to enlist in the National Air Guard.

Scotch Theme of Garden Party Is Tribute to Bishop Campbell

The skirl of the bagpipe will beckon visitors to the 27th annual Bishop's Garden Party of the Episcopal Diocese of Los Angeles next Tuesday, June 23, from 1:30 to 9 p.m., on the grounds of Campbell Hall School, 4533 Laurel Canyon Blvd., North Hollywood.

The gala fete sponsored by the Bishop's Guild of the Diocese is the only benefit project of the organization during the year. All proceeds will go into the Bishop's Scholarship Fund for Seminarians, according to the chairman of the guild, Mrs. A. Root, Jr., of Sepulveda.

Scotch songs, piping and dances will be woven into the entertainment programs both afternoon and evening. Performers will be young people from St. David's Church, North Hollywood, and students from Campbell Hall and Argyll

Academy, St. David's day school and high school.

The Scotch program is planned in honor of the tenth anniversary of the consecration of the Rt. Rev. Donald James Campbell as Suffragan Bishop of the Diocese, reports Mrs. Philip H. Richards, Los Angeles, chairman of the Garden Party. Even the supper boxes and the gate tickets will feature the Campbell plaid.

The Bishop of Los Angeles, the Rt. Rev. Francis Eric Bloy; Bishop and Mrs. Campbell, and the Rt. Rev. Robert B. Gooden, retired Suffragan Bishop of the Diocese, will be informally receiving the Garden Party guests in the Campbell Hall gymnasium throughout the afternoon.

An old fashioned box supper with plenty of chicken at 6 p.m. will precede the evening entertainment program. Advance reservations for supper boxes, at \$1.50 each, may be made with Mrs. Robert Mattox, 4946 Redford St., North Hollywood.

Embarks on Career in Television

Dixie Lee Vogels, graduate of Palm Springs High School, has done admirably for herself these past two years. Attending Emerson College in Boston, she found it a busy schedule majoring in radio and television broadcasting. However it was her extra-curricular activities that took up the biggest amount of her time. For the past two years, she has held the position of director of women's programming for WEBC in Boston as well as having her own Women's show "TNT with Dixie Lee," a half-hour radio program of tunes news and topics in the women's world.

Also to her credit this season, she has written, produced and directed her own half-hour television play for WERS-TV in Boston, "Tales from the Crypt," a comedy horror show in three acts for which she was awarded a trophy. Presently, Dixie Lee is planning to carry on her studies in radio and television on the West Coast this coming September, as she has transferred to UCLA. She hopes to continue her career in West Coast television as soon as possible.

D.H.S. Club Has Luncheon Meeting

Members of the executive board of Desert Hot Springs Toastmistress Club were invited to a luncheon meeting at the home of the president, Mrs. Don Hulbert.

Some very exciting plans were formulated for the coming season's work. It was recommended that the theme for the coming year shall be "Stairway to the Stars." The Club will recess for the summer and will reconvene October 1st.

Celebrates Seventh Birthday with Play Party in The Park

Denise LeClair, daughter of Mr. and Mrs. Ernest J. LeClair of 38-705 Paradise Way, Cathedral City, celebrated her seventh birthday Saturday with a play party at Tamarisk Park, and a luncheon with ice cream and birthday cake.

Special guests at the party were her school teacher Gladys O'Byrne and her dancing teacher Trisette Jarrette. Guests, helping celebrate included classmates from both school and dancing class.

Among them were: Donna Bogert, Joy Aikin, Kathi McCammon, Patty Arnold, Diane Thomas, Phyllis Sing, Barbara Hillstrand, Elaine Bradley, Gloria Castle, Debbie Estel, Dale Carnahan, Sherri and Sany Ridley, Linda Rodman, Nancy Kennedy of Banning, ad Lois Madse of Redlands.

Supervising the party, were Denise's parents and her grandmother Mrs. Albert Cutts of Cathedral City.

Night in Mexico Party Is Second in Leisure Loft Series

The hacienda feeling of the Spanish architecture of popular Leisure Loft in Palm Desert, lent itself well to the evening in Mexico fun, when over 100 guests gathered for the second in a series of "around the world" parties.

The patio party was held outdoors by the pool, with lighted candles on the walls casting reflections into the water, while other candles floated in the pool creating a Xochimilco effect.

Serapes, hand-woven rugs, colorful pinatas (donkey, elephant, ducks, etc.) and large baskets of oleanders decorated the house and porch, and dramatic bull fight pictures covered the walls.

Mrs. Reta Fagan, helped by Zina and Dick Deman and Bobbie Woods, presided over the delicious buffet, where guests "built" their own postados. Mrs. Jane Roberts, beautifully costumed, greeted the guests at the door, with the host and owner of Leisure Loft, Lou Kuehner.

There were Cha Cha and Mexican Folk dances for all to enjoy. At 10:30, the long awaited drawing for a trip to Mexico took place. Young Jackie Frahm first chose from a Mexican hat the winning tickets for a pair of maracas, a tequila pitcher, and a hand carved Mexican ladle. Amidst much excitement, the big prize — four days in Mexico City,

flying both ways — was won by Mrs. Geo. F. Anderson of San Francisco and Palm Desert.

The guests came in colorful Mexican costumes. Jerry Malone was an outstanding vaquero in authentic large white hat and tight fitting pants. Kay was no less dashing as a "vaqueres", Katherine Gordon, lovely in a black lace mantilla, was with Jack Parker, who wore a heavily embroidered costume and beautiful blue wedding skirt, complete with serape. La Neve Read wore a stunning costume with attractive Mexican jewelry. Mrs. Read with Beverly Knaus and Ed Blood drove down from Palm Springs for the fun. Herb Pfeiffer, well-known abstraction artist, was being generally helpful, and Marge and Bob Johnson didn't miss a dance.

Mrs. Faye Kennebek and son John were down from Los Angeles with brother-in-law Frank who is visiting here from Omaha, Nebraska.

The scroll also cites Disney for his "important contributions to the study of wild life." The presentation is especially fitting as the Mt. Kenya Club is surrounded by the world's greatest concentration of wild animals and game birds . . .

A third in the series of parties will be held during July.

6 The Desert Sun

Friday, June 19, 1959

A VIEW OF MT. SAN JACINTO is obtained by William Cody, AIA, from his desert home in Palm Springs, through this floor-to-ceiling glass expanse. The square posts formed from steel sheets assume the bearing load, and, combined with the exposed flanges of

the ceiling beams, provide striking contrast to the fir ceiling and oak wall paneling. All exposed steel sections are painted a dull black to set off the gray ceramic tile floors. (Photo courtesy Bethlehem Pacific Coast Steel Corp.)

ARCHITECT WILLIAM CODY'S HOME BUILT IN 1952, USING STEEL SECTIONS

Architect-owner William Cody's home here is not only comparable with today's homes of modern design, it, in some ways surpasses them. Yet this contemporary desert home was designed in 1946!

Six years later when Cody built his home he used light structural steel sections to frame its 2,600 square foot area. The resultant clean, low lines of the structure create a visual impression of cool spaciousness in the desert heat.

"STEEL," SAID CODY, "as an inert material has the durability to withstand this hot dry climate and the strength of such a frame permitted me to visually open the home to the desert with non-bearing window walls." This glass expanse, glazed directly to the steel frame, composes 75 per cent of the wall area and provides a commanding view of the surrounding desert and Mount San Jacinto.

Besides obtaining a panoramic view, Cody also was able to open all four sides of his 16 by 32-foot living room to the desert by means of steel framed sliding glass doors. There are 16 such doors throughout the home. By opening the sliding doors in the living room, the ceramic tile floors of this room and the adjacent patio are joined to become one large, clear floor expanse.

THIS VISUAL, as well as physical, effect of bringing the outdoors inside is accentuated by exposing, on the interior, the square steel posts of the rigid frame and the bottom flanges of the steel ceiling beams.

Coolness in a desert home is a problem, solved by some with air conditioning units, but solved by Cody and William Porush, the

structural engineer, by capitalizing on the "built-in" insulating space created by the webs of the sixteen-foot spanning sections.

THESE 4-INCH, 13-pound, wide flange sections were placed on 8-foot, 1-inch centers. One and five-eighths inch by five and one half inch tongue and groove douglas fir boards were then simply inserted between the webs of the steel beams and supported by the bottom flanges.

On top of these boards a reflective sheet was placed. This was followed by three-fourths of an inch of air space and then two, 1-inch sections of insulating board were laminated over and under the upper flange side. Cody's testimonial to the effectiveness of the insulation is that he has yet to install air conditioning after six years of desert living.

THE NATURAL beauty of this fir ceiling is maintained with a clear preservative. To delineate various connected rooms, such as the kitchen from the dining area, a few of the ceiling boards were painted a deep red.

"Daughter control," as Mrs. Cody puts it, "was designed into the home when Bill decided to use steel." With three girls, Mrs. Cody was able to keep a weather eye on their activities from her kitchen vantage point.

PLACED IN FRONT of the home, at a right angle to the main living area, the kitchen window arrangement, allows her to see virtually all areas of the yard by merely glancing through the home's glass walls. Thus she is able to keep tabs on her active children without leaving her work.

Only two areas of the home do not look directly out onto the desert. These are the two main, or "in house" bedrooms which are located at the far end of the living room. One-inch by six-inch tongue and groove vertical oak panels compose two walls of each room.

Here, again, Cody brought the desert into his home by separating the two bedrooms with a 16-foot square courtyard, planted with cacti and desert flowers. The bedrooms are separated from the dressing room and two bathrooms by sub-ceiling height closets. Glass shower doors open onto exterior courts, protected from outside view by high adobe walls.

THE OTHER TWO bedrooms, which are under separate roof, are connected to the main building by means of covered walkways. One, the guest room, is adjacent to the master bedroom and is visually tied into the main building by a covered arbor and the ceramic tile walkway. The other, a studio-bedroom "satellite" is adjacent to the driveway with access to the main building provided by a series of covered walkways.

The 900-square feet of fluted aluminum walkway covering is supported by eight steel T-section columns and beams with 4-inch channels framing the edges. The channels provide visual continuity and pleasing architectural lines for the entire house.

THESE WALKWAYS provide shade not only for the front of the house and the master bedroom but give protection from the sun on heavily trafficked exterior areas. Flexible sun control for

the glazed wall area is provided by retractable canvas sheets riding on steel wires.

The fabricator, Paramount Steel Company of Long Beach, anticipated difficulties in trucking a number of awkward sections to the site so fabrication was done in the field.

Steel sections were flame cut to length and the square steel columns were imbedded 18 inches in the concrete slab. Wide flange sections for the roof and ceiling and four-inch channels, for fascia and lateral structural support were erected and welded into place in three days.

AS THE CONVENTIONAL studding, used as nailing surfaces for the interior paneled wall area, was being installed at the time the fabricator arrived with the steel, the two crafts worked simultaneously in framing the home.

Where conventional studding was being encountered by the steel workers during their erection procedure, they simply spanned the area with the steel member without disturbing the carpenters. Wooden sections are then bolted to the flanges of the steel members with "L" shaped clips.

Perhaps the one feature that "dates" the Cody home is a bomb shelter built next to the master bedroom. However, as Bill Cody points out "it makes a wonderful storage room and vault."

Gardening in the Desert

The heat during the first half of June was a little unusual. In past years it was more gradual as it crept up and June was an ideal month; this year it did not creep, it jumped up. However we look for some cooler days in June and after that our summer is really with us.

From now until September the average rose garden will only produce some desultory roses unless the plants are in good shade and heavily watered. By all means, between now and September, put away your rose pruning scissors. Let the leaves provide shade for the stalks and bud unions. A two inch layer of peat moss in each basin will lessen evaporation and also cut down your water bills.

SOME FLORIDA, such as Jim-

miny Cricket, will show excellent blooms despite the heat. If you cut off each bloom as it reaches the drying-up stage you will be helping the plant.

A Pyracantha hedge, if grown without a hedge or concrete wall support, needs more watering in the summer heat and, if planted against a wooden fence or a concrete wall, will need still more water to retain a healthy appearance. Wooden or concrete fences absorb the summer heat unless shaded by overhanging trees. They take a long time to cool down in the summer heat, hence the need for heavier watering. This condition might be ameliorated slightly by heavy spraying of the fence or wall at sundown.

MATURE OLEANDERS are less thirsty than most decorative plants and should be heavily trimmed at this time so that filling the basin once a week would supply sufficient nutrition. This, together with a heavy spraying of aphid-destroying insecticide, should then carry the Oleanders through the summer and leave your mind at ease when you are away on vacation. We have read of Pyracantha be-

ing plagued by aphids, but, up to the present, have seen none of these pests on our five foot Pyracantha hedge nor have we heard of anyone with a Pyracantha hedge being worried with these pests.

HOWEVER THERE are many other pests that feed on plant life. We keep our eyes open because of this condition. Red spider mites, mealy-bugs, thrip, four lined leaf bug, rose-leaf hopper, white fly, green hopper, etc., are always busy looking for a meal. To eliminate as many of these as possible we use a mixture of Malathion, Lindane, and D.D.T., using a spray attached to a hose to ensure an even spreading of the insecticides.

For the elimination of under-

ground pests we have found Wet-D.D.D. — obtainable dry in bags at local nurseries — and excellent destroyer of sod worms, etc. Incidentally, the Malathion mixture occasionally sprayed on your outside walls will help keep flies away from your property. This, and the City Ordinance against the stowage of stagnant manure, should very much lessen the prevalence of flies in our city. —T.G.M.

General Electric X-Ray Medallion Home Opened

The G. E. X-Ray Medallion Award Home is now open for a two months' duration in Apple Valley. Conceived by California Power Co., it has been built in cooperation with Gibbs Construction, Inc., of Apple Valley, and the General Electric Co.

The idea — applied for the first time anywhere in this X-Ray Home — illustrates dramatically how a truly up-to-date home should be wired and powered for contemporary electric living.

AS THOUGH VISIBLE through the very walls, the many circuit power network is traced in glowing colors from panel box through the house to each outlet and appliance. These colors—red, orange, blue, green, yellow and purple—indicate the different kinds of services and quantities of power transmitted.

The house has been outfitted by G.E. with nearly all major and minor electric appliances, including refrigerator, dishwasher, electric oven and cooking top, washer, dryer, garbage disposer, the new year-round climate-controlling Weathertron for heating and cooling. Numerous other latest-model G.E. appliances are also on display in this X-Ray Medallion Award home.

THE HOUSE ITSELF was selected from the Golden Horizon line of luxury, custom homes currently being built in the Apple Valley-Victoria area by Gibbs Construction, Inc.

This builder has designed and constructed homes for celebrities now living in the region. In this X-Ray model, Gibbs Construction has made use of ultra-modern techniques and materials, such as the built-in Central Vac-a vacuum cleaning system; the hi-fi intercom system, and the life-time Tesser mosaic floor-coverings in kitchen, family room and baths.

The X-Ray Medallion home is open seven days a week on Rancheria Road just south of Highway 18, east of the Apple Valley Inn.

Berkey Action Aimed at Salton Sea State Park

A resolution presented this week by Supervisor George Berkey was unanimously adopted by the Board of Supervisors.

The resolution asked the State Park Commission to adopt a policy that "where there is privately owned land within park boundaries which the owners are ready, willing and able to develop and improve for uses compatible with and complementary to the adjoining state park land, the Division of Beaches and Parks will conscientiously attempt to negotiate the purchase of the privately owned land under terms which would permit the private owners to retain a long-term lease and insure the development of the premises for uses consistent with state park operation."

The action was obviously aimed at the state park division's proposed acquisition of additional acreage at Salton Sea.

Veteran Vernon Keeps Braves on Top with Hitting

By MILTON RICHMAN
United Press International

Mickey Vernon used to be President Eisenhower's favorite ball player and now Fred Haney knows why.

Frick, Rickey Believe Third League Possible

NEW YORK — (UPI) — Baseball Commissioner Ford Frick and elder-statesman Branch Rickey predicted today that the expanding American economy can produce the players needed to form a third major league.

Where the required 200 players would be obtained has long been an obstacle to expansion plans. It was, in fact, the big question asked by big league players themselves in a United Press International survey taken after Thursday's disclosure that the formation of a 100-million dollar league will be announced next month.

"THE PLAYERS WILL develop if we make the jobs for them," said Frick, who at the same time pointed out that other considerations involving baseball law made him "neutral."

"OF COURSE, THERE aren't many Musials, or Mayases of Wil-Hamases or Aarons," said Rickey in Pittsburgh. "But if you insist on quality of that type, you'll settle for a half dozen players."

"But there are thousands of good ball players all over the United States. There are more boys playing ball in America now than ever before in history."

Rickey—inventor of the game's farm system and the man who broke its unwritten color barrier by hiring Jackie Robinson—even had a proposal for a new World Series alignment:

"Hold the series in three cities instead of two and double the revenue," said Ol' Branch with a thoughtful puff on his cigar.

League Presidents Warren Giles of the National and Joe Cronin of the American said they wanted to learn more details before they commented, while civic and baseball officials in Buffalo, Minneapolis, Toronto and Arlington, Tex., hailed the announcement.

Minor League To End First Round Tonight

The first round of Minor League play ends at the Rodeo Grounds tonight when the second-place Tigers meet the third-place Cubs at 7 p. m.

Still leading the league, the Red Sox belted the Cardinals Wednesday night for a total of five wins and no losses for the first section of the Minor League season.

League play continues, with the second round, through July. Games are scheduled every Monday, Wednesday and Friday at the Rodeo Grounds. The league is sponsored by Henry A. Simms, Inc., and Terrance Roach is league president.

Balding Leads Canadian Open With Sizzling 66

STE. DOROTHEE, Que. — (UPI) Cigar-chewing Al Balding, a 35-year-old one-time beer truck driver, said the night before the 50th Canadian Open golf championship teed off at Islesmere:

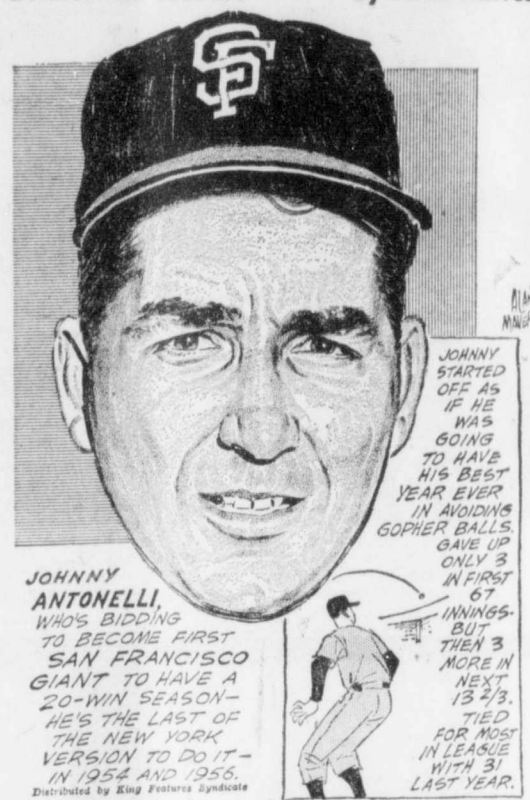

"You watch, A Canadian is going to win this year."

Only one Canadian has ever won the Seagram Gold Cup, and that was Pat Fletcher in 1954 when none of the regular touring pros entered.

Today Balding leads the field of 145 starters after shooting a sizzling six-under par 66 over the par 36-36-72 6,696-yard soaking wet Islesmere course.

But right behind Balding were nine U.S. pros who were no less than one or two strokes off the pace. Four were bunched in second place with 67's while five more turned in 69's. In all, 24 professionals bettered par.

EYEING 20 AGAIN - - - By Alan Maver

JOHNNY ANTONELLI, WHO'S BIDDING TO BECOME FIRST SAN FRANCISCO GIANT TO HAVE A 20-WIN SEASON—HE'S THE LAST OF THE NEW YORK VERSION TO DO IT—IN 1954 AND 1956. Distributed by King Features Syndicate

JOHNNY STARTED OFF AS IF HE WAS GOING TO HAVE HIS BEST YEAR EVER IN AVOIDING GOPHER BALLS. GAVE UP ONLY 3 IN FIRST 6 INNING. BUT THEN 3 MORE IN NEXT 13 2/3. TIED FOR MOST IN LEAGUE WITH 31 LAST YEAR.

VILLAGE GIANTS LOSE TO LA QUINTA

The Palm Springs Giants counted two wins and one loss for the first round of the Pony League season today after dropping a close, 4-3 game to La Quinta Wednesday night.

Palm Springs used up three pitchers but failed to halt the La Quinta Sparks, who based their win on a triple and single tallied by pitcher Dick Contreras.

Tom Thalib and Dick Owens led the Giants' attack with two-for-four each, and the Villagers outbatted the opposition with seven hits to La Quinta's three.

Morrow Ready

BOULDER, Colo. (UPI) — Olympic sprint king Bobby Morrow declared himself fit today as the 67th national AAU track and field championships got underway at Colorado University's Folsom Field.

Oklahoma State Wins

OMAHA, Neb. — (UPI) — Oklahoma State's rough-riding Cowboys rule college baseball today. The Cowpokes upended Arizona, 5-3, Thursday night in the finals of the NCAA college world series.

CV Savings Tie Builders for Third

Nielson Hurls Six Hit Win

Coachella Valley Savings and Loan belted Palm Springs Builders Supply for 10 hits last night to tie the Builders for third place in the Desert Softball League with an 8-5 win.

The Builders took an early but short-lived lead in the bottom of the first when they parlayed a trio of singles and an error into four runs.

of errors added up to five runs in rapid succession in the top of the second to tip the scales for CVSLA.

They packaged the game with two runs off Pitcher Dave Nielson's third inning triple and added an eighth for good measure with three one base hits in the sixth frame.

NIELSON YIELDED six hits to the Builders, but the losing squad was only able to put one more run across the plate, scoring on a single and an error in the fourth.

Batteries: Nielson, P., and Tom Every, C., for CVSLA; Sal Valdivia, P., and Bob Lara, for Builders Supply.

Silky Sullivan To Race Today

INGLEWOOD — (UPI) — Silky Sullivan, the horse which isn't recommended for cardiac cases, drops back to allowance competition today against sprinters in the \$10,000 Monterey Purse at Hollywood Park.

The stretch-runner will be piloted over the seven furlongs by Willie Shoemaker. Last week Silky tried a stakes race for the first time in a year and came in third.

Taylor 'Bruised'

CHICAGO — (UPI) — Tony Taylor, Chicago Cubs' second baseman and the club's leading hitter, was due to be released from the hospital today with only a bruise as a result of Thursday's beating by Ronnie Kline of the Pittsburgh Pirates.

Coachella Edges Contractors, 4-3

Palm Springs' Contractors, who yielded their first loss this season to Coachella Police Wednesday, meet the Indio Gauchos at Indio ball park for their fourth Pony League game Monday night.

Monday's Pony League action also features the Palm Springs Giants against the Ortho Dealers at Indio High School.

score in the fifth when a pair of sacrifices and a single put Ernie Reyes across home plate. But Coachella's lawmen scored the winning tally on a sixth inning double to end the game.

Batteries: Loren Barkley and Ernie Reyes for Palm Springs; Franco and Earl for Coachella.

22,105 New Units

California Leads In Trailer Sales

Final production and sales figures for last year on mobile homes and travel trailers indicate that California led all other states in new trailer coach sales in the nation.

California mobile-minded consumers purchased 22,105 units with a dollar value of \$77,000,000 according to the Trailer Coach Association, manufacturer-dealer representative for the industry in the eleven western states.

Federal Court Order Opposed By Legislators

ATLANTA (UPI) — Georgia lawmakers voiced opposition today to a federal court order directing the Atlanta school board to prepare a plan for public school integration. The order set no deadline.

U.S. District Judge Frank Hooper specified that the desegregation plan must be ready "within a reasonable time." He said he would allow the Georgia Legislature time to study whatever plan is submitted before ordering it into effect.

Hooper, in a final decree, said continued operation of schools "with discrimination as in the past will not be permitted."

Onions for Chicago

CHICAGO (UPI) — The Indians spelled Chicago "Checagou," "Shikago" and "Chickagou," but the name still means "the place of the wild onion smell," says Virgil J. Vogel, a teacher in Chicago's Harper High School.

Writing in "Illinois History," a young people's publication of the Illinois State Historical Society, Vogel said despite many theories about the city's name, evidence indicates that the Miami Indians named it for the wild onions which once grew abundantly in the area.

MAN GETS LIFE FOR STEALING A PIGGY BANK

CHICAGO (UPI) — John D. Harris, 27, was sentenced to life imprisonment Tuesday for stealing a child's piggy bank.

It was Harris' third conviction and his 27th arrest. The life sentence was mandatory under the Habitual Criminal Act.

No. 815 NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Riverside does hereby order for sale and will grant by ordinance to the highest bidder, two franchises described as follows on the terms and conditions contained in this notice and as are specified in proposed Ordinance No. 406 on file in the office of the Clerk of the Board of Supervisors:

A non-exclusive franchise for a period of 25 years to construct, operate and maintain a television antenna cable service, together with all necessary appurtenances as may be required to operate and maintain said service along, under and across the public highways and other public places within the unincorporated area of the County of Riverside as the same now or may here-

after exist, for transmitting and distributing electrical impulses and signals for television purposes; namely, to produce reproductions of sight and sound in combination to the residents of the unincorporated area of the County of Riverside.

Sealed bids in writing will be received for said franchises up to 10 o'clock on the 27th day of July, 1959, and at the time above mentioned in the board room of the Board of Supervisors of the County of Riverside and all sealed bids will be opened. All bids must be for the payment of a stated sum in lawful money of the United States and the said franchises will be struck off, sold and awarded to the highest bidder, provided only that at the time of the opening of said bids, any responsible bidder present or represented may bid for said franchises a sum not less than ten per cent (10%) above the highest sealed bid therefor, and said bids may be raised not less than ten per cent (10%) by any other responsible bidder and said bidding may continue until the franchises shall be finally struck off, sold and awarded to the highest bidder therefor by the Board of Supervisors.

Each sealed bid shall be accompanied with cash or a certified check, payable to the County Treasurer of the County of Riverside, for the full amount of such bid and no sealed bid shall be considered unless said cash or check is enclosed therewith; provided, however that if the successful bid is an oral bid, the successful bidder shall deposit at least ten per cent (10%) of his bid with the Clerk of the County of Riverside before said franchise shall be struck off to him. If the successful bidder shall fail to make such deposit immediately, then and in that case his bid shall not be received and shall be considered as void, and the franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure shall be had until each franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent (10%) of the amount of his bid therefor as herein provided.

Each successful bidder shall deposit with the County Clerk of the County of Riverside, within twenty-four (24) hours after the acceptance of his bid, the remaining ninety per cent (90%) of the amount thereof, and in case he or it shall fail to do so, then the said deposit therefor made shall be forfeited, and the award of the franchise shall be set aside and no further proceedings for a sale of the franchise shall be had, and said franchise shall be again offered for sale in the manner hereinbefore provided.

The Grantee of each franchise, its successors or assigns, shall, during the life of the franchise, pay annually to the County Treasurer of the County of Riverside, in lawful money of the United States, and in the manner provided by law, two per cent (2%) of the gross annual receipts of the Grantee, its successors or assigns, arising each year from the use, operation or possession of the franchise within the County of Riverside. No percentage shall be paid for the five years succeeding the date of the franchise, but hereafter such percentage shall be paid annually, and in the event said payment is not made, the franchise shall be forfeited, provided, further, that if the franchise shall be a renewal of the right already in existence, or shall cover a system already constructed, the payment of said percentage of gross receipts shall begin at once.

Each Grantee shall file a corporate surety bond to be approved by the Board of Supervisors, running to the County of Riverside in the penal sum of \$1,000.00, conditioned that the Grantee shall well and truly observe, fulfill and perform each and every term and condition of the franchise, and in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and surety or sureties upon said bond. Said bond shall be filed with the Clerk of the Board of Supervisors within five (5) days after the franchise is awarded to the Grantee. A cash deposit in the same amount may be made in lieu of said bond.

BY ORDER OF THE BOARD OF SUPERVISORS. DATED: June 8, 1959. G. A. PELEGONAT, Clerk. By W. R. PATTY, Acting Clerk. Published June 18, 19, 20, 23, 24, 25, 26, 27 and 30, and July 1, 1959.

No. 821 POLICE AUCTION OF BICYCLES AND GENERAL MERCHANDISE

A Police auction of bicycles and general merchandise will be held on Saturday, June 27, 1959, at 10:00 a. m. at the rear entrance of the Police Building, 361 North Palm Canyon Drive, Palm Springs, California. The property, which will be offered for sale to the highest bidder, consists of approximately 15 bicycles, clothing, hubcaps, tires, automobile wheels, tools, Parmaster check protector, watches, cameras, guns, and many other items.

The terms of the sale are cash only. No checks will be accepted. AUGUST G. KREITMAN, Chief of Police. Published June 19, 1959.

IF YOU NEED REMINDING, it's hot weather time in the desert and one way to make Old Sol a little more bearable is by getting a group together and splitting a watermelon. Cubs of Den 10, Pack 80—sponsored by Village Elks—did this recently with the above mouth-watering result. From left, Jonathan Chiat, Stanton Thatcher, Stephen Hall, Bruce Mello, Kurt Chused, Ronny Easton—standing in front of his brother, Donald Easton—and Gregory Thatcher. The den's last meeting until fall was marked by the watermelon feed. Den mother is Margie Thatcher, assistant den mother is Mrs. Bill Easton. (Desert Sun Photo).

All bids must be for the payment of a stated sum in lawful money of the United States and the said franchises will be struck off, sold and awarded to the highest bidder, provided only that at the time of the opening of said bids, any responsible bidder present or represented may bid for said franchises a sum not less than ten per cent (10%) above the highest sealed bid therefor, and said bids may be raised not less than ten per cent (10%) by any other responsible bidder and said bidding may continue until the franchises shall be finally struck off, sold and awarded to the highest bidder therefor by the Board of Supervisors.

Each sealed bid shall be accompanied with cash or a certified check, payable to the County Treasurer of the County of Riverside, for the full amount of such bid and no sealed bid shall be considered unless said cash or check is enclosed therewith; provided, however that if the successful bid is an oral bid, the successful bidder shall deposit at least ten per cent (10%) of his bid with the Clerk of the County of Riverside before said franchise shall be struck off to him. If the successful bidder shall fail to make such deposit immediately, then and in that case his bid shall not be received and shall be considered as void, and the franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure shall be had until each franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent (10%) of the amount of his bid therefor as herein provided.

Each successful bidder shall deposit with the County Clerk of the County of Riverside, within twenty-four (24) hours after the acceptance of his bid, the remaining ninety per cent (90%) of the amount thereof, and in case he or it shall fail to do so, then the said deposit therefor made shall be forfeited, and the award of the franchise shall be set aside and no further proceedings for a sale of the franchise shall be had, and said franchise shall be again offered for sale in the manner hereinbefore provided.

The Grantee of each franchise, its successors or assigns, shall, during the life of the franchise, pay annually to the County Treasurer of the County of Riverside, in lawful money of the United States, and in the manner provided by law, two per cent (2%) of the gross annual receipts of the Grantee, its successors or assigns, arising each year from the use, operation or possession of the franchise within the County of Riverside. No percentage shall be paid for the five years succeeding the date of the franchise, but hereafter such percentage shall be paid annually, and in the event said payment is not made, the franchise shall be forfeited, provided, further, that if the franchise shall be a renewal of the right already in existence, or shall cover a system already constructed, the payment of said percentage of gross receipts shall begin at once.

Each Grantee shall file a corporate surety bond to be approved by the Board of Supervisors, running to the County of Riverside in the penal sum of \$1,000.00, conditioned that the Grantee shall well and truly observe, fulfill and perform each and every term and condition of the franchise, and in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and surety or sureties upon said bond. Said bond shall be filed with the Clerk of the Board of Supervisors within five (5) days after the franchise is awarded to the Grantee. A cash deposit in the same amount may be made in lieu of said bond.

BY ORDER OF THE BOARD OF SUPERVISORS. DATED: June 8, 1959. G. A. PELEGONAT, Clerk. By W. R. PATTY, Acting Clerk. Published June 18, 19, 20, 23, 24, 25, 26, 27 and 30, and July 1, 1959.

No. 821 POLICE AUCTION OF BICYCLES AND GENERAL MERCHANDISE

A Police auction of bicycles and general merchandise will be held on Saturday, June 27, 1959, at 10:00 a. m. at the rear entrance of the Police Building, 361 North Palm Canyon Drive, Palm Springs, California. The property, which will be offered for sale to the highest bidder, consists of approximately 15 bicycles, clothing, hubcaps, tires, automobile wheels, tools, Parmaster check protector, watches, cameras, guns, and many other items.

The terms of the sale are cash only. No checks will be accepted. AUGUST G. KREITMAN, Chief of Police. Published June 19, 1959.

Throughout State

Village Ranked 12th in Building

Palm Springs is listed as being in 12th place in the entire State of California in the issuance of building permits (in valuation) during the month of April 1959.

As published in the Monthly Statistical Survey, Palm Springs building permit valuation for the month this year was \$2,845,650, and this figure represents a total of 181 permits issued.

The figures do not include county permit valuation, and reflect only the figures of incorporated areas.

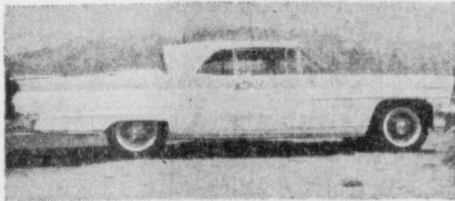

Towns that led Palm Springs were Anaheim—\$5,863,499; Costa Mesa — \$2,966,551; Huntington Beach — \$3,801,959; La Habra — \$3,738,782; Los Angeles — \$3,765,643; Oakland — 6,465,517; Sacramento — 4,229,962; San Diego —

\$15,603,072; San Jose — \$12,107,022; Santa Ana — \$3,002,034; and Sunnyvale — \$3,687,545.

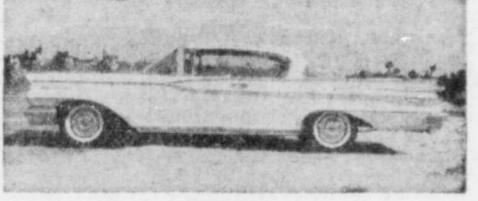

Palm Springs led, by several hundred thousand dollars, such communities as Riverside, Santa Barbara, San Bernardino, Fresno, and even the fast growing beach cities along the Southern California coast.

Earthquake Jars Owens Valley

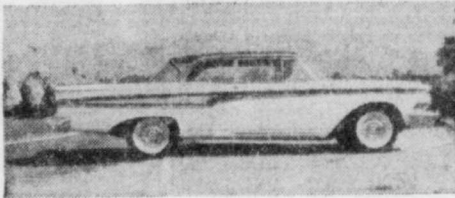

PASADENA — (UPI) — A sharp earthquake which registered 4.7 in intensity on Cal Tech seismographs jarred the upper Owens Valley area late Wednesday. No damage was reported.

Dear Abby...

by Abigail VanBuren

MAJOR JOSEPH T. CASTAGNO, member of the Reserve Liaison at Twentynine Palms Marine Corps Base, extends a welcome to Lt. Col. Matthew Wasco, commanding officer, 7th Anti-Aircraft Automatic Weapons Battery of Connellsville, Penn., at the group's arrival at Palm Springs airport. The unit, one of four, was en route to Twentynine Palms where they are now engaged in two weeks Reserve training.

DEAR ABBY: When my husband and I went out for an evening we dropped our boys (9 and 11) off at my mother's. She is 79 and quite deaf. When we came to pick the boys up the place was a mess.

The ceiling had come down in the dining room. The kids had stood on the bathroom sink, tilted it and dislodged the hot water pipe.

My mother had fainted. My husband said the plumbing was faulty (the house is 80 years old) and our boys were not to blame. The whole family got into a fight saying our boys were "wild animals." Who was to blame?

FAMILY FIGHT

DEAR FAMILY: Parents who would leave two such spirited children with a 79-year-old deaf grandmother must want very badly to go out. I'd say you were to blame.

DEAR ABBY: I am 15 years old and I make money baby-sitting whenever I can. My mother asks me to "lend" her a dollar or two for groceries. Then she spends it on beer. I have bought my own school supplies and odds and ends with my sitting money 'cause I haven't the heart to ask her for any.

My girlfriend has been asking me to sleep at her house but my p.j.'s are so ragged and small for me that I am ashamed of them. Would I be wrong to "hold out" a little of my sitting money to save for p.j.'s, Abby? I would love to have a best friend and sleep nights at her house. NO P.J.'s.

DEAR NO: Don't "hold out" on your mother. If she asks you for money, tell her you are saving it for "something special." Tuck it away and buy those p. j.'s.

DEAR ABBY: I am thinking about going into business making pies in my home and putting a sign in my yard "HOME-MADE PIES FOR SALE." Do I have to have a license or a permit to do this?

CONSIDERING

DEAR CONSIDERING: In most communities people who handle

ABIGAIL VAN BUREN

food for public consumption must be licensed. Call your County-City Health Department and let them advise you.

DEAR ABBY: My daughter is 21 and has been divorced since she was 17. She is very beautiful

but has given us nothing but trouble. We had to pull her out of high school because a married man got her in trouble. A classmate married her but the baby died. That marriage lasted five months.

She's working in an office now although she's had no training for the job. She and her boss are buddy-buddy. She's trying to take him away from his wife. She's had 7 raises in 5 months and says nothing can get her fired. She buys expensive clothes and never gets a bill.

She wants to move into her own apartment. Her boss is behind this. I hate to see what's happening. Can we stop her?

HEART SICK MOM

DEAR MOM: A 21-year-old woman can throw her life to the dogs if she wants to and no one can stop her. When this "beautiful" girl was growing up she missed

her most important lessons. Nothing is sadder than 20-20 hindsight.

"Why don't my parents trust me?" "For What Every Teenager Wants To Know, send 25c and a large, stamped, self-addressed envelope to ABBY, care of this paper

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

RIVERSIDE FIRM WANTED BY BOARD

A request by Administrative Officer Robert Andersen that they choose between Herman O. Ruhnau of Riverside, and the Palm Springs firm of Williams, Williams & J. P. Clark to prepare plans and specifications for a purchasing department office and warehouse at the county-owned property on Washington Street in Riverside, was turned down this week by the Board of Supervisors.

Supervisor Fred McCall favored the appointment of Ruhnau. Supervisor William Jones expressed

preference for Ruhnau "or another local (Riverside) architect."

SUPERVISOR CURTIS Chamberlain declared, "It should be someone in Riverside, but I wouldn't say who."

Outcome of the discussion was instruction to Andersen to contact other architects in the Riverside area and report back next week.

"MY REQUEST is only for the choice of an architect to proceed with plans," said Andersen, "and not for construction or bids. If the present purchasing department office in the courthouse is to be used as one of the Superior Court effective Oct. 1 it is imperative that an architect be appointed immediately. We'll know whether the county is to be allowed the three additional Superior Courts requested and can proceed with plans for their location, Sept. 19."

Andersen described Ruhnau and Williams as "two highly qualified architectural firms, capable of producing acceptable plans in short order."

Board Splits Over Positions And Salaries

Over the protest and dissenting votes of Supervisor Fred McCall and Supervisor William Jones, the supervisors adopted an ordinance and resolution this week including positions and salaries for an assistant administrative officer to be situated in Indio, an administrative analyst to assist Administrative Officer Robert Andersen in Riverside, and a chief assistant purchasing agent.

In addition, the majority votes of Supervisor Paul Anderson, Supervisor George Berkey and Supervisor Curtis Chamberlain provided an increase in salary for Flood Control Engineer John Bryant and raised the salary of Road Commissioner A. C. Keith "to make it equivalent to Bryant's new salary."

Tourists a Cash Crop

ROME (UPI)—Americans traveling to Italy this year may be happy to know that, statistically speaking, they are six times more important than all the fruit exported by Italy annually; three times more important than the annual export of automobiles; and four times more important than all the foreign currency sent back to Italy by all the country's emigrants. The figures come from the new Ministry of Tourism which says that the annual invasion of tourists has become Italy's No. One money-producer.

Four Marine Reserve Units Start Training

TWENTYNINE PALMS — Four Marine Corps Reserve units, representing Pennsylvania, Wisconsin and Texas, are now undergoing their annual two weeks summer training at the Marine Corps Base here.

Arriving at Palm Springs Airport, they were transported here by military buses and trucks.

THESE MEN WILL train for two weeks at the Hi-Desert Base, using everything from hand grenades to the 75 millimeter "Sky-sweeper" and the self-propelled M-42 "Duster" anti-aircraft weapons.

Units at the base now are the 6th 75 millimeter Anti-Aircraft Battery of New Castle, Penn., the 2nd 75mm AA Battery from Waco, Texas, the 4th AA Automatic Weapon Battery of Madison, Wis., and the 7th AA-AW Battery from Connellsville, Pa.

The four units, on a staggered basis, will requalify with the basic Marine Corps weapon, the M1 rifle, and fire for familiarization with the 3.5 rocket launcher, and the .30 and .50 caliber machine guns.

DURING THEIR stay at the world's largest Marine Corps installation they will go on a three or four day field firing problem, under simulated combat conditions, using the weapons of their respective batteries.

The men are part of thousands of reservists who will train here this summer, with about 5,000 of them to participate in an air-ground exercise during the latter part of the program.

Tea sales to groceries and institutions in the U. S. totaled more than 106 million pounds in 1954, second largest in history.

Cathedral City Bible School Classes Started

CATHEDRAL CITY — Monday was the opening day of Cathedral City Community Church Bible School. The theme, "The Bible," was chosen to equip the student with essential stories of how their Bible came to be.

The two week session will close with "Open House" Friday evening, June 26, at 7:30 p.m. Heading the staff of the Junior Department is Mrs. James Arnold, assisted by Mrs. Clifford Sharp, Mrs. Harrison Karr, Mrs. F. O. Carnahan and Mrs. L. Steck, with Rev. James Arnold supervising crafts.

In the Primary Department Mrs. Tom Patterson, Mrs. Ernest Leclair and Mrs. A. H. Vail will be assisted by Mrs. George Hall, Barbara Pollum, Carolyn Ziegler and Valerie Howe. Judy Kaminsky is in charge of refreshments. Mrs. Robert MacKenzie is superintendent of Bible School. Classes are held at the church on Cathedral Canyon Drive.

Wild Participates In Navy Exercise

Robert J. Wild, machinist's mate fireman, USN, son of Mrs. Margaret S. Randolph of 316 North Palm Canyon Drive, is serving aboard the destroyer USS Blue which took part in the Seventh Fleet exercise Operation "Granite Creek" off the coast of Japan.

The operation dealt mainly with anti-submarine warfare and air-sea search rescue procedures. The Blue is scheduled to return to her home port of Long Beach in the latter part of this year.

Paint takes longer to dry in the winter than at other seasons of the year.

Cathedral City

By JEAN PATANE
Mavis Larkin, daughter of Mr. and Mrs. H. F. Larkin, is home for the summer from her studies at San Diego State College.

Over the weekend Mr. and Mrs. Ralph Hammer and boys, Leonard, Monte and twins Doug and Brad, were houseguests at the home of her sister and family, Mr. and Mrs. Donald Harter in Lucerne Valley. They returned by way of Big Bear Lake and Running Springs.

Mrs. Robert Sherrill and daughter, Roberta, spent the weekend in Palmdale at the home of her sister and brother-in-law, Mr. and Mrs. Wyatt Gardner.
